April 7, 2559 BC But if I turn the camera, I can see light waves running through all the objects around to quickly update and reload the textures. What about those objects? I asked. Unlike me, she had good hearing. "You mean, can't I see how these objects interact with each other?" I mean yes. After all, I can't see every atom. How often do you restart textures? Once every sixty seconds, she replied with a hint of pride in her voice. - It's not very fast. So... so what do you think of their behavior? You must have done some research, haven't you? Well.
