Use the Boosts as they are available to guide the way through the adventure. Before each level you can choose between 4 Boosts: Speed Boost, Armor Boost, Decoy Bomb Boost or EMP Boost. How to Play: Use the Fire button to fire EMP, the Shield button to activate your Armor, the X button to drop down a bomb and the Y button to boost your speed. All Boosts are consumed when used. After you die, your Boosts will recharge until you die again. There are 4 types of Missiles (or rather Steering Missiles): -Chase missiles, which cannot be targeted by Boosts. -Missiles which you can fire by pressing X. -Bombs, which you can only fire by pressing Y. -Missiles which are attracted by a decoy bomb. You are notified by a yellow dot which indicates the general location of the targeting missiles. After you have activated your Boosts, you can change their function by pressing a button after each Boost and then return to the menu. You can also change Boosts by pressing the „U“ Key. You can start Thunder Chase without any Boosts by pressing the „Start“ button. Note: It is possible to die after all Boosts have been used, but you will not lose your progress. To return to the previous screen, press „L“. To activate or deactivate Boosts, press „U“. To return to the main menu, press „L“ To return to the previous game screen, press „R“ To return to the „Main menu“ press „D“. Note: When you die at the end of a level, you get a bonus. You will then return to the beginning of that level. The bonus depends on the number of levels you have unlocked (Level 0 to Level 99). You can still get a bonus even when Thunder Chase is still displayed in the background. Choose „CONTINUE“ for automatic continuation to the next level. Choose „NEW GAME“ for a completely new round. You will then get a new booster and a new weapon. Auto-Clear: You can choose to clear all the Monsters and at the same time recharge all your Boosts. This will make the game easier. The time to clear all Monsters

Developer: TDE Published By: TDE Studios Released: 1 November 2016 Platform: PC Style: Arcade What if you had no limitations? What if you could cheat death? What if you could live forever? A strange visionary. With an idea so broad, so crazy, that it's sure to captivate and excite players across the world. Let's set out together to discover the answers. Nightvision: Drive Forever is an online survival racing game. The idea is simple; you begin with a bank balance of \$10,000 and a new vehicle, and are dropped into an action packed world with no money, no plan, and no contacts. You must fend for yourself, figure out how to survive, and become the greatest street racer of your generation. Be careful though, as you're given just one rule to follow. You may not cheat death. You may not steal. You may not lie. You may not steal. You may not lie. You may not cheat. You may not steal. You may not cheat. If you cheat, you die. The "hand of God" could knock you down in one of the many roads, tracks and dodges out in the world. Surviving could be the hardest part. You are fast. You are aggressive. You are skillful. You are free. I, Thomas Bradley, will follow in the name of the drivers who came before me. We are Nightvision: Drive Forever, we are the last generation, the next generation of street racers. I will prepare. With plenty of cars, crashes, and detours to overcome, our mission is to see who is the most competitive, the fastest, and the best. FEATURES Win the World Championship. Survive. Become the World Champion The unique core mechanics and game modes of Nightvision: Drive Forever take all the best from the arcade racer genre and blend them together with a unique live action simulation experience. The combination of physical stunts, avoidable crashes, and various vehicle damage levels from light to heavy all create a unique racing experience unlike anything on the market. The "Hand of God" is the one rule to follow in Nightvision: Drive Forever. Don't cheat, don't lie, don't steal. Don't cheat, don't lie, don't

What's new in SENRAN KAGURA Reflexions - Gym Uniform Outfit Set:

. The Isle of Lewis Chess Set itself is gorgeous. It has a high-quality feel to it. A solid weight and great quality Zinc. The set comes with a beautiful 72 page book in a high-end style. Highly recommended Chess sets to play with your kids. Buy it. Trust me on this one. If your a Chess player you will love the look, quality and playability of this set. The set itself looks beautiful and comes with a beautiful 72 page book. The only thing I was disappointed in was that the box looked a little rough around the edges. It was rough and scuffed from being put in a really rough cardboard box. Overall I think its a really beautiful piece of kit and would recommend it! This very beautiful set should see you through just about any time you can spare! Many thanks, please contact if you have any questions. Thank you for taking time to give me a review and a rating, it is always appreciated. Comments The Backstreet Boys Are Telling Hope on Their Latest Single The Backstreet Boys' lead single, 'Hope,' first dropped online on April 29. A week later, the international sensation's first English album, In A World Like This, is available for purchase online and through various streaming services. The first single off the album, "Hope," was made available on May 3, but we have been left in suspense as to what the guys are trying to convey with this powerful track. Backed by her uplifting chorus, the Spanish track seems to also be about reconciling a tough past relationship. Maybe it's sending some Hope to a relatable context, or maybe the quartet is just tossing some hints at the incredibly hard time that they're currently going through. Regardless, it's a turn of events that we're really going to miss. "Hope" is quite a powerful song, even by Backstreet Boys standards; the simple and powerful piano-led beat and the empowering lyrics make it one of the band's finest singles. All four males are sharing duties and they're incorporating a potpourri of styles in service to creating a song that's both lively and uplifting. The rest of the album boasts some catchier tracks as well. On "Make It Last," for example, the group lets their R&B influences shine and listeners can completely enjoy what they're hearing. The boys are also lending

Hooplord is a labor of love that combines boss battles and basketball into a hybrid VR experience that's unlike anything you've ever seen or played before. Inside of an enchanted forest, you find yourself on an ancient basketball court in the midst of a forbidden ruin. The Basketball Gods look down on you, a mere Hooplord, and extend their sacred challenge: Face the Elemental Centers in a series of fatal one-on-one duels: a clash between their impregnable defenses versus your godlike offense. Glory awaits should you defeat all three guardians, and manage to evade death in the process. You start each match with a limited supply of elemental power. Boost your strength with elemental orbs, win and abuse to upgrade your equipment. Equipment and upgrades consist of the following: Eye of the Storm: Allows you to 'tear open' the Elemental Centers, channel the very lightning and thunder that would kill you were you to approach them unprotected. Wand of the Wooden Man: A long stick with which you can unlock walls, push your opponents, deflect their shots or stop them dead in their tracks. Sphere of the Fire Monarch: Allows you to channel the flames that consume the land. Fatal Shot: Allows you to score on the last second. Do you have what it takes to see the depths of the Elemental Centers, find glory as Hooplord, and survive the beatdown? What do you think? Meet Mundo, Merida and Elena from Rick and Morty! Go behind the scenes and get an exclusive look at the new AT&T-exclusive Rick and Morty: Virtual Rick-ality edition for Oculus Quest and Gear VR.
