You can use this software to edit, create or print embroidery designs. It's portable, free, and full. You can create your Wilcom embroidery studio for windows 7 A: The Embroidery Studio E2.5 is not version 8. It's a recent update of the Embroidery Studio E2 version. You're right in that the E2.5 and the Embroidery Studio E2 Windows Universal App were introduced with Windows 8 and Windows Universal App Platform and aren't directly supported by Microsoft anymore. I don't think there's any part of the Embroidery Studio E2 Windows Universal App to Windows 10, although it is possible with a Win10 app called Hammer. You could install the Embroidery Studio E2 Windows Universal App version 8 from Microsoft's Store, but if you update your system you might lose the installation and have to reinstall it.
